

Construction Assistant

Kalamazoo Valley Habitat for Humanity seeks a Construction Assistant through Habitat for Humanity Michigan AmeriCorps to join our team to assist in building new and rehabilitated homes. This is a half-time (900 hours) position. The candidate must be available to work weekdays as well as most Thursday evenings and Saturdays. The construction assistant helps with a variety of activities including the supervision of volunteers on Habitat work sites to ensure safety, quality of work, and adherence to Habitat policies and procedures. The assistant will help prepare work sites for daily activities and train and support volunteers. Must be able to do manual labor and physical tasks, working on construction sites. Knowledge, skill, and experience in working with volunteers and people with diverse backgrounds preferred. Must communicate well orally and in writing. Must have own transportation. Habitat trucks can be used for construction as available.

Position is half-time (900 hours) with orientation required October 2nd and 3rd in Lansing. Total compensation for successful completion of half-time (900 hours) is \$278.26 twice a month not to exceed \$6,400 for the full term with an education award of \$2,775.
